

# Washington Flora Checklist

## A checklist of the Vascular Plants of Washington State

### Hosted by the University of Washington Herbarium

#### Family: Anacardiaceae

4 terminal taxa (species, subspecies, and varieties).

The Washington Flora Checklist aims to be a complete list of the native and naturalized vascular plants of Washington State, with current classifications, nomenclature and synonymy.

#### Taxa included in the checklist:

- \* Native taxa whether extant, extirpated, or extinct.
- \* Exotic taxa that are naturalized, escaped from cultivation, or persisting wild.
- \* Waifs (e.g., ballast plants, escaped crop plants) and other scarcely collected exotics.
- \* Interspecific hybrids that are frequent or self-maintaining.
- \* Some unnamed taxa in the process of being described.

Family classifications follow [APG IV](#) for angiosperms, PPG I (J. Syst. Evol. 54:563?603. 2016.) for pteridophytes, and Christenhusz et al. (Phytotaxa 19:55?70. 2011.) for gymnosperms, with a few exceptions. Nomenclature and synonymy at the rank of genus and below follows the [2nd Edition of the Flora of the Pacific Northwest](#) except where superceded by new information.

Accepted names are indicated with blue font; synonyms with black font.  
Native species and infraspecies are marked with **boldface** font.

**Please note:** This is a working checklist, continuously updated. Use it at your discretion.

Created from the Washington Flora Checklist Database on April 26th, 2024 at 11:53am PST.

# Dicots:

## Anacardiaceae [HC, HC2] Sumac Family

**Synonyms:** (none)

**References:** (none)

### *Rhus* [HC, HC2]

sumac

(see also *Toxicodendron*)

#### *Rhus glabra* L. [HC, HC2]

Sp. Pl. 1: 265.

smooth sumac

#### *Rhus typhina* L. [Flora of Virginia, HC2]

Cent. Pl. II 14.

staghorn sumac

Easily distinguished from *Rhus glabra* by the abundance of pubescence on stems and petioles.

### *Toxicodendron* [HC2]

poison ivy, poison oak

#### *Toxicodendron diversilobum* (Torr. & A. Gray) Greene [HC2, IFBC]

Leaflet. Bot. Observ. Crit. 1(9): 119.

Pacific poison-oak

*Rhus diversiloba* Torr. & A. Gray [HC]

*Toxicodendron radicans* (L.) Kuntze ssp. *diversilobum* (Torr. & A. Gray) Thorne

#### *Toxicodendron radicans* (L.) Kuntze [HC2]

Revis. Gen. Pl. 1: 153.

western poison ivy

*Rhus radicans* L. [HC]

#### var. *rydbergii* (Small ex Rydb.) Erskine [Draft FNA, HC2]

Pl. Prince Edward Island 190.

poison-ivy, western poison-ivy

*Rhus radicans* L. var. *rydbergii* (Small ex Rydb.) Rehder

*Rhus rydbergii* (Small ex Rydb.) Greene

*Rhus toxicodendron* L. var. *vulgaris* Michx.

*Toxicodendron radicans* (L.) Kuntze ssp. *radicans*, misapplied

*Toxicodendron rydbergii* (Small ex Rydb.) Greene [IFBC]
